January 7, 2020

Rise with us! Be part of an organization whose mission is to unleash the potential of communities to thrive, no matter the odds. Since its inception, RiseBoro has collaborated with community leaders, government agencies, and private investors in an effort to serve as a comprehensive housing, health, and services agency for communities that have suffered from years of disinvestment in their housing stock and human capital. With a housing department staff of over 150 employees and an agency staff of nearly 2,000, RiseBoro has grown from a small community-based agency to one of the largest nonprofits in Brooklyn. RiseBoro has been responsible for the development of several thousand units of affordable housing, ranging from single-family homes to scattered site rehabs to large mixed-use developments. We have an exciting pipeline of affordable housing projects in the predevelopment and construction stages, which will create over 5,000 units of housing across New York City.
